

Journal of Clean Energy Technologies

CONTENTS

Volume 3, Number 1, January 2015

- Analysis on Technology Competitiveness in Fuel Cell Field.....1
Young-Il Kwon and Dae-Hyun Jeong
- How Carbon Pricing Impacts the Selection and Optimization of a Gas Turbine Combined Heat and Power System: An Australian Perspective.....7
Chanel A. Gibson, Mehdi Aghaei Meybodi, and Masud Behnia
- Analysis of a Hybrid System for Decentralized Power Generation.....12
H. Hinz
- Charge Dynamics and Storage Behaviors of Ionic Liquids/Ionomer Electrolyte in Electroactive Devices.....18
Jun-Hong Lin and Ming-Tse Lee
- Exploring the Reduction of Pollutant and Greenhouse Gas Emissions by Utilizing Solar Zero Energy Buildings in Iran.....23
J. Eshraghi, N. Mirkhani, N. Narjabadifam, S. Sadoughi, and M. Ashjaee
- Performance of a Photovoltaic or Thermal Double-Pass Solar Air Heater with Different Fin Configurations...28
Amin Elsafti and P. Gandhidasan
- Aerodynamic and Structural Evaluation of Horizontal Archimedes Spiral Wind Turbine.....34
Arman Safdari and Kyung Chun Kim
- Numerical Analysis of Urea Decomposition with Static Mixers in Marine SCR System.....39
Cheolyong Choi, Yonmo Sung, Gyung Min Choi, and Duck Jool Kim
- Effect of Vapour Absorption Enhancement in Solar-Heat Driven Air-Conditioning System.....43
Papia Sultana, N. E. Wijesundera, J. C. Ho, C. Yap, and T. K. Chang
- Power Flow Control of Renewable Energy Based Distributed Generators Using Advanced Power Converter Technologies.....48
Chao-Tsung Ma and Tzung-Han Shr
- Assessment of Solar PV Power Generation Potential in Pakistan.....54
Khanji Harijan, Mohammad A. Uqaili, and Umar K. Mirza
- Real Time Simulation of Distribution System with Distributed Energy Resources.....57
Tran Thai Trung, Seon-Ju Ahn, and Joon-Ho Choi
- Simulation, Validation and Economic Analysis of Solar Powered Organic Rankine Cycle for Electricity Generation.....62
Suresh Baral and Kyung Chun Kim
- Renewable Energy Resources in Nigeria: Sources, Problems and Prospects.....68
C. N. Ezungwu

Effect of Coal Gases on Electrochemical Reactions in the Direct Carbon Fuel Cell System.....72
Seongyong Eom, Seongyool Ahn, Younghoon Rhie, Gyungmin Choi, and Duckjool Kim

Residential Utility Management.....78
Angela Liu
